### Key reasons for investing

- **Backbone of the economy** – Financial services sector is the backbone of any economy playing crucial role in its growth and development.
- **Untapped and unpenetrated** – Financial services sector in India is under penetrated. This dormant potential leaves a lot of headroom for growth and expansion.
- **Changing trends of investor behavior** – Financial service sector benefits from shift in investing trend as more and more investors are gradually increasing allocation to financial assets.
- **Policy changes encourage growth** – With recent policy changes and structural reforms like the introduction of insolvency and bankruptcy code, efforts towards financial inclusion etc., the sector has potential for growth.

### Investment Strategy & Portfolio Construction Guidelines

- The fund invests predominantly in equities of companies in banking and financial services sector
- Besides pure banking stocks, the fund investment universe may include NBFC's, Insurance companies, Asset Management Companies, Rating Companies, House Finance etc.
- The fund manager adopts both top-down and bottom up approach to select stocks with a flexibility to invest in companies across the market spectrum based on their relative attractiveness within the sector
- Typically fund holdings will range between 15–30 stocks\*

\*Based on current views, market conditions and are subject to change from time to time without notice.

### Fund Suitability

- Investors who wish to invest in one of the most crucial sectors of the economy and which plays an important role in nation's economic growth.
- Investors who have the risk appetite for thematic equity funds.
