Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Scheme Specific Risk Factors:

The Scheme will predominantly invest in Debt & Money Market Instruments issued by Banks, Public Financial Institutions (PFIs), Public Sector Undertaking (PSUs) and Municipal Bonds accordingly carries concentration risk. Hence, the performance of the Scheme will be affected by the risks associated with the Banking, PFI and PSU Sector. While PSUs and PFIs are owned by Central or State governments, thereby reducing the danger of an issuer failing to honor its commitment, they may be subjected to additional risks as they are heavily regulated and affected by government policies, which may have an impact on their credit profile.

Risks associated with investing in Fixed Income & Money Market Instruments:

In addition to the factors that affect value of securities, the NAV of the Units of the debt schemes will fluctuate with the movement in the broader fixed income, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price and volume volatility in fixed income markets, changes in tax laws, currency exchange rates, foreign investments, political, economic or other developments. Further, the investments made by the debt schemes will also be affected by interest rate / price risk, credit risk or default risk, liquidity risk, reinvestment risk, settlement risk, risk associated with investments in derivatives.

Risks associated with investing in Foreign Securities:

To the extent the assets of the Scheme are invested in overseas financial asset, there may be risk associated with fluctuation in foreign exchange rates, restriction on repatriation of capital and earnings under the exchange control regulations and transaction procedure in overseas market. Investment in foreign securities carries currency risk. The exchange risk associated with a foreign denominated instrument is a key element in foreign investment.

Risks associated with investing in Derivatives:

Risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments. Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Other risks include risk of mispricing or improper valuation and the inability of the derivative to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price.

Risks associated with Securities Lending:

As with other modes of extensions of credit, there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

Risks associated with Short Selling:

The Scheme may enter into short selling transactions, subject to SEBI and RBI Regulations. Short positions carry the risk of losing money and these losses may grow unlimited theoretically if the price of the stock increases without any limit. This may result in major loss to the Scheme. At times, the participants may not be able to cover their short positions, if the price increases substantially. If numbers of short sellers try to cover their position simultaneously, it may lead to disorderly trading in the stock and thereby can briskly escalate the price even further making it difficult or impossible to liquidate short position quickly at reasonable prices. In additions, short selling also carries the risk of inability to borrow the security by the participants thereby requiring the participants to purchase the securities sold short to cover the position even at unreasonable prices.

Requirement of minimum investors in the Scheme:

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days' notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

Requirement of Minimum Assets Under Management in the Scheme

The Scheme is an open-ended debt oriented scheme. Pursuant to provisions of SEBI circular no. Cir/IMD/DF/15/2014 dated June 20, 2014, Scheme is required to maintain an Average Assets under Management (AUM) of Rs. 20 Crores on half yearly rolling basis. If average AUM of the Scheme on half yearly rolling basis is below Rs. 20 Crores, the AMC will scale up the AUM of the Scheme within a period of six months so as to comply with the requirements of Average AUM of Rs. 20 Crores on half yearly rolling basis, failing which the provisions of Regulation 39(2) (c) of the Regulations would become applicable. Accordingly the Scheme would be wound up and the Unit under the Scheme would be redeemed at applicable NAV. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

Risk Mitigation Measures

Type of Risk	Risk Mitigation Measures
Scheme Specific Risk (Concentration Risk)	By diversifying across stocks, concentration risk can be reduced. The fund manager will endeavor to build well diversified portfolios within the overall fund specific investment strategy, which will help in controlling concentration risk.
Volatility Risk	By controlling class/ sector/ issuer exposures in debt & money market instruments to control overall portfolio volatility.
Liquidity Risk	Investments will be made in debt & money market instruments having adequate liquidity in the secondary market. Staggered maturity profile in the portfolio to take care of liquidity. Dynamic monitoring of liquidity depending on the interest rate view.

Plans and Options

The Scheme offers a separate Plan for investments directly with the Fund (i.e. application not routed through Distributor).

Thus, the Scheme offers two Plans as follows:

Invesco India Banking & PSU Debt Fund

Invesco India Banking & PSU Debt Fund - Direct Plan

Each of the above Plans under the Scheme offers following options:

Options	Sub-options	Frequency
Growth*	Nil	Nil
Dividend	Reinvestment*	Daily / Monthly #
	Payout	Monthly

*Default option is Growth. #Default sub-option is Monthly Dividend Reinvestment.

Direct Plan will have a lower expense ratio excluding distribution expenses, commission for distribution of Units etc. Direct Plan is only for investors who purchase /subscribe Units directly with the Fund (i.e. application not routed through Distributor). Investments under Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund (except Stock Exchange Platform(s) and all other Platform(s) where investors' applications for subscription of units are routed through Distributors.)

Further, Registered Investment Advisors (RIAs) can also purchase units of Direct Plan on behalf of their clients through NMF - II platform of National Stock Exchange of India Ltd. and/or BSE STAR MF System of BSE Ltd.

The portfolio of Direct Plan will form part of portfolio of the Scheme and there will be no separate portfolio for Direct Plan. Further, both the options i.e. Growth and Dividend will have common portfolio under the Scheme.

If dividend payable under dividend payout option is equal to or less than Rs. 500/-, then the dividend would be compulsorily reinvested in the option of the Scheme.

Default Plan

Investors subscribing Units under Direct Plan of a Scheme should indicate "Direct Plan" against the Scheme name in the application form. Investors should also mention "Direct" in the ARN column of the application form.

The table showing various scenarios for treatment of application under "Direct/Existing" Plan is as follows:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
i	Not mentioned	Not mentioned	Direct
ii	Not mentioned	Direct	Direct
iii	Not mentioned	Existing	Direct
iv	Mentioned	Direct	Direct
v	Direct	Not Mentioned	Direct
vi	Direct	Existing	Direct
vii	Mentioned	Existing	Existing
viii	Mentioned	Not Mentioned	Existing

In cases of wrong/ invalid/ incomplete ARN code mentioned on the application form, the application will be processed under Existing Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application.

Where Units under a Scheme are held under both Existing and Direct Plan and the redemption / switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Existing Plan. However, where Units under the requested Option are held only under one Plan, the request would be processed under such Plan.
